

Funeral Late Dan. L. Foster Smithers Boy

On Thursday afternoon from the United Church, Smithers, the funeral of the late Daniel Lawrence Foster, son of Mr. and Mrs. Frank V. Foster, was held. Rev. D. Donaldson conducted the service at the church and also at the graveside. The pallbearers were Cecil Steele, Mike O'Neill, Harland Lewis, Alfred Bamford, Pat Carr and Melvin Raymond. The funeral was one of the largest ever seen in Smithers and the floral tributes were exceptionally numerous and beautiful. Tributes were sent from many in Smithers and from many outside points. There was also quite a large number of friends of the young man and of the parents from outside points.

The deceased was one of the most prominent of the older boys in town. He was a leading athlete and a big favorite with his schoolmates and his teachers, and was very highly regarded in the town generally.

Danny was stricken some two weeks ago with a malady which the doctors were unable to cope with, and the young man became weaker until Sunday evening when he passed away.

The deceased was born in Prince Rupert 17 years ago last September and was the only son of Mr. and Mrs. F. V. Foster. He moved to Smithers with his parents about 12 years ago. His death is greatly regretted by all his numerous friends, and the deepest sympathy is extended to the bereaved parents and sister, Dorothy.

Wedding Bells

McKENZIE-FURNESS

A wedding of interest to the vast circle of friends of the principals took place in Smithers on Wednesday evening, when Miss Carrie Furness, daughter of Mr. and Mrs. John Furness, became the bride of John McKenzie, son of Mr. and Mrs. John McKenzie. Rev. D. Donaldson officiated at the wedding ceremony, the bridesmaid being Miss Annie Furness, twin sister of the bride. Mr. Russell McLeod assisted the groom. A large variety of wedding presents testified to the popularity of the couple, and following the ceremony a host of friends congregated at the home of the bride's parents to extend best wishes. The newly married couple left the following morning for a three weeks' honeymoon tour in Vancouver and Victoria, after which they will return north, where Mr. McKenzie is employed as a section foreman on the C.N.R.

DIED IN WELLAND, ONT.

Word was received by C. H. Sawle on Tuesday that David Ross had passed away at his home in Welland that afternoon. The late Mr. Ross was father of Mrs. G. R. T. Sawle, who will be remembered by a number of the older residents in this district as she visited here some years ago. Mr. Ross was one of those solid old Scots who did not measure his public service by years but by the quarter, half and three-quarter century. He was one of the oldest residents of Welland, and he was also very successful in business.

The Moricetown Opened New Sports Ground

Moricetown Indians entered the ring this year of Indian celebrations for the first time and last Saturday afternoon staged a day of sports. There were races and two baseball games and a big dance at night at which both Indians and white attended in large numbers. The attendance throughout the afternoon and evening was large, many from the Hazeltons and from Smithers and points east were there. About a hundred cars were parked about the ball grounds. Captain Mortimer, Indian Agent, opened the new recreation grounds and wished the natives all success in their undertaking. The first ball was between the Hazelton Indians and the Moricetown Indians. The Hazelton Indians won. The next ball game was between the Hazelton white and the Snappy Nines of Smithers. This was a real snappy game and it looked like a sure thing for Hazelton as they led right through to the eighth when the score was four to two in their favor. But in the eighth the Snappy Nine scored three runs and shut out Hazelton in the ninth.

HELPING THE HORSE

A type of sore on horses that is persistent is caused by flies containing the larvae of stomach worms feeding on small wounds or abrasions on the skin. The larvae escape from the mouth of the fly and live in the wound, causing irritation and itching, the lesion persisting as a chronic sore until the onset of the cold weather. The following treatments are recommended: one per cent picric acid in glycerine. Chloroform, ether or iodoform applied to the wound every day. Astringent powders containing quinine keep the animal from biting the sores. Good results are reported from the use of plaster of Paris, 100 parts; alum, 20 parts; naphthalene, 10 parts, and quinine 10 parts. Abrasions caused by harness and other skin injuries should be protected from flies by the use of repellants such as oil of tar.

Spasmodic colic frequently affects horses as the result of the failure of the horseman to observe the proper details of feeding and management. The direct cause may be change of food, cold water in quantities, or exposure to draughts when the animal is heated. The symptoms are sudden attack, pawing, stamping, stretching, kicking at stomach, looking around towards flank, rolling and perspiration. The painful period disappears but reappears just as the horse seems to be normal. The following drench is useful: sulphuric ether, 1 to 2 oz.; laudanum, 1 to 2 oz.; raw linseed oil, ½ to 1 pint, according to age or size; or 1 to 1½ ounces ginger, or 2 to 4 dr. baking soda in 1 pint water.

With a total of 9,785,038 pounds of unstripped tobacco, Canada was the third largest source of supply to the United Kingdom in 1932, being exceeded by the United States and by Nyasaland. During the same time Canada exported 898,195 pounds of stripped tobacco to the Old Country.

An Empire preference of 4 shillings and 6 pence (over a dollar) per cwt. of 112 pounds is given by Great Britain on all apples and pears exported from Canada, on the understanding that Canadian growers make every effort to increase production.

TO OUR READERS

Owing to some repairs needed on our linotype, and the necessity to send the parts to Vancouver, the Omineca Herald will be printed the latter part of the week, this week and next week. We are indebted to the Interior News of Smithers for the privilege of using their machine to set our type during our time of difficulty. We thank the Interior News for this privilege.

A Little Indian Boy Wanted to See His Maw

A young Indian lad, not yet in his teens, was admitted to the Hazelton Hospital some time ago with a broken arm. He was fixed up and was doing nicely, but he did not relish the restraint which a broken arm entails for the first week or so. The patient was a native of Kisgagas, a village about 70 miles north of here. He had never been away from home before, except to go farther north. Everything was new and strange. He was out of his element and did not even know why so many white girls in white dresses should be fussing around him and doing things which he had always done for himself or left undone. There were strange noises and strange food, and then the big doctor mans did things to him that had never been done before. He spoke a different language to that used by other Indian youngsters in the same ward. It was altogether too much. He longed for his own paw and maw and he wanted to run around in his own native highways and byways. He stuck it out as long as he could, but one evening he found the nurse had gone out of the ward, and, waiting until all was still, he slipped out of bed, and dressed only in his nightgown of white, he stole away and headed for home as fast as his legs would carry him. Bare feet, bare legs and only a cotton gown made no difference to him. He was on his way. When he got as far as the ball grounds he saw a game in progress and was momentarily attracted to the new excitement, but that curiosity was his undoing. A young lady saw him and guessing he had made a break from the hospital, she captured him and gave him into the care of a car driver who returned the poor little fellow to the hospital. The next day, however, a relative in Hazelton persuaded the doctor to let him take the boy to his home, promising to bring him back occasionally for inspection. So the little fellow is partly happy again.

INSULATED MILK COOLING TANKS

There is considerable wastage of ice in uninsulated milk cooling tanks, with the result that it is the practice in many farms not to put ice in the tank until just before milking time. What often happens is that the cooling effect of the ice is barely sufficient to balance the heat from the cans of fresh milk. With an insulated tank, on the other hand, enough ice may be kept in the tank at all times. In this way, says the Dominion bacteriologist, the temperature of the water may be kept well below 40° F. and the milk cooled more quickly to a much lower temperature by the means of less ice than in the old style tank.

Conference of United Church Made Changes

At the annual conference of the United Church in Vancouver this year a number of changes in ministers were made which are of interest to this district. Rev. V. H. Sansum, formerly at Hazelton and at Kispiox, but recently at Port Simpson, goes to Beaconsfield in the Vancouver Presbytery. Rev. H. T. Allen of Terrace goes to Cumberland on Vancouver Island to take the place of Rev. J. R. Hewitt, formerly of New Hazelton and who has been called to Merritt, B.C. Rev. W. B. Wilan, another old time pastor here, but lately of Vancouver, has been called to Queens Ave. Church, New Westminster.

Changes of pastors in the Prince Rupert Presbytery are as follows: Bella Coola, Rev. P. Kelly; Port Eslington, Rev. T. J. Smeaton; Port Simpson, Rev. R. J. Love; Terrace, Rev. W. R. Welch; associate principal of Coqualeetza Institute, Rev. R. C. Scott.

Rev. S. V. H. Redman, local pastor, was kept busy most of the time on the Settlement Committee of which he is a member. He was also organist for the conference and as such he was privileged to play on one of the finest pipe organs in western Canada. One Sunday he preached for his brother in Grace Church and the next Sunday in West Point Grey United Church. Rev. and Mrs. Redman also took part in the conference on Indian work in the north, and Mr. Redman has been appointed secretary to the Prince Rupert Presbytery for the new year. This appointment was made at a meeting of the Presbytery held after the general conference.

Rev. Mr. Redman says that he believes conditions are improving in the south in a number of lines. There is at least a much better feeling abroad. He also found considerable interest in what was to be done regarding silver.

Rev. and Mrs. Redman will return north next week and will take up their work here on the second Sunday in June.

MILK BUSINESS CHANGED HANDS

Beginning on June 1st the milk business conducted for some years past was taken over by Jacob Sendon and will be carried on by him in future. Mr. Sendon resides at Two Mile and he is preparing to build a first-class milk house and dairy. He has an especially good location and is in a position to give a first rate service. He has a number of good milk cows that he got from Mr. Sweet and he is preparing to give the people of this section a milk service worthy of the district. Mr. Ed. Sweet, who has conducted the milk supply service for a number of years, wishes to thank the people for the liberal support that has been given him in the past, and he recommends their continuance of patronage to Mr. Sendon.

PEARS ARE PECULIAR

Pears are somewhat different to other fruit in so far that they do not develop their highest quality if allowed to ripen on the tree. For example, a William pear that has a tinge of color on it, wrapped in paper and placed in a drawer for a few days, will ripen in such a way as to give a flavor that is highly desirable.

Hospital Day Withdrawn for Present Year

For reasons of economy Hospital Day will not be observed by the Hazelton Hospital this year. It had been decided some time ago to hold the event on the 13th of June, but when the joint committee from the Hospital Board and the Woman's Auxiliary met last Monday night at the residence of Mr. and Mrs. J. S. Russell, a proposal to withdraw Hospital Day this year met with the approval of the majority.

Financially the Hospital Board is having its own troubles to make the grade. The population is not what it used to be; all camps have been closed for two years or more; there is little doing otherwise and practically no road work, so that what people are in the country cannot afford to be sick or to meet with accidents.

Hospital Day has always been more or less of an expense to the Hospital, and what entertainment was put on carried no revenue except the dance and picture shows, and those affairs did little but meet their own expenses.

The churches of the district are free to hold Hospital Day services on the second Sunday in June. The Hospital management would appreciate any service rendered in that manner.

Baseball For The Northern League, 1933

Baseball will be the main attraction in interior sports this season. A four team league has resulted from negotiations and schedule for the season has been drawn up and is given below. It will be seen that the first of the games will be played Sunday next in New Hazelton and in Smithers. Out the schedule out and save.

June 4—Smithers at New Hazelton.
June 4—Hazelton at Snappy Nine.
June 11—New Hazelton at Hazelton.
June 11—Smithers at Snappy Nine.
June 18—Snappy Nine at New Hazelton.
June 18—Smithers at Hazelton.
June 25—Snappy Nine at Hazelton.
June 25—New Hazelton at Smithers.
July 9—Hazelton at New Hazelton.
July 9—Snappy Nine at Smithers.
July 16—Hazelton at Smithers.
July 16—Snappy Nine at New Hazelton.
July 23—Hazelton at Snappy Nine.
July 23—Smithers at New Hazelton.
July 30—New Hazelton at Snappy Nine.
July 30—Smithers at Hazelton.
Aug. 6—New Hazelton at Hazelton.
Aug. 6—Smithers at Snappy Nine.
Aug. 18—New Hazelton at Smithers.
Aug. 18—Snappy Nine at Hazelton.
Aug. 20—Snappy Nine at New Hazelton.
Aug. 20—Smithers at Hazelton.
Aug. 27—Hazelton at New Hazelton.
Aug. 27—Smithers at Snappy Nine.

Due to quite an unwelcome change in the weather, carrying with it a nasty breeze, even the dandelions closed up their faces Tuesday night and have not opened them since. Tulips remain closed and the beans, cucumbers and other warm weather plants are wishing they could slip back under cover again.

WITH THE TRAIL RIDERS

East is East and West is West, but men ride wherever the sun shines and the Trail Riders of the Canadian Rockies, with a membership which girdles the globe, are creating widespread interest with their plans for their 1932 expedition from Banff to Mount Assiniboine, through some of the most beautiful country in the great mountains from which they take their name. The famous peak, with its many adjoining lakes and valleys, was the focal point of the 1927 trail ride and this year's trip, starting on July 29, will follow generally the same lines, with nights spent in camp, according to the best traditions of the Order. Ample time will be given for exploring the territory traversed, the ride occupying five days and traversing Brewster and Allenby Creeks; Assiniboine Pass and the shores of Lake Magog to the great mountain, which is the objective of the riders. Return will be made through the Valley of the Rocks; the Golden Valley; Citadel Pass and so

through Sunshine Camp to Banff once more. The pictures shown above are distinctly interesting and show Lt. Col. Phil Moore, president of the Trail Riders, and Mrs. Moore, on camel-back at the Pyramids, during the world-cruise of the Canadian Pacific liner "Empress of Britain", in strong contrast to the cowboy viewing Mount Assiniboine, where this year's trail ride leads. Inset is H. M. King Prajadhikop of Siam, who proved an enthusiastic trail rider during his visit to Canada last summer. Below, two fair bathers are seen setting out from one of the cabins at Assiniboine Camp.

E. G. Houshoun, Manager

Teraace Doings

Mansell Clark, who has mineral claims in the Copper River valley, has been in town for several days.

Fred Nash has been doing his annual bit for the local baseball club. Accompanied by several members of the team he went out on Sunday and surveyed the diamond, thus putting the field in shape according to the official rules of the game.

Duncan Kerr is busy rustling the necessary funds to finance baseball activities. In spite of hard times he is having good success and the club feels sure that with the finances in his hands no trouble will be experienced along that line.

The Ladies' Auxiliary of St. Matthew's Church entertained the Ladies Guild of Knox United Church at a picnic on the grounds of Mr. and Mrs. A. C. Head on Friday afternoon from 2 to 6. Various games and competitions enlivened the proceedings, and in the sack race the ladies of St. Matthew's Church were the victors. The tables were reversed in the tug-of-war, the United Church ladies winning the pull. Mrs. C. L. M. Giggey was declared the winner in the skipping contest. During the afternoon refreshments were served by the hostesses.

Mrs. T. H. March, who is on her way to Ontario, was held up for some time east of McEride by a train wreck on the C.N.R.

Local fruit growers are having a lot of extra work this year combating tent caterpillars. These pests have appeared in larger numbers than usual, and if left alone do a lot of damage to the fruit trees. It is noticed that they are infesting the wild trees in the village, and a bee is being talked of to clean up the townsite.

The Skeena made a rapid rise on Friday, but with the cessation of rain the level fell again to safety. So far the danger level has not been reached, although a good run off is being maintained.

CONSOLATION FOR TODAY

Farmers in Upper Egypt, before the British occupation, had to pay four different classes of taxes on the waterwheel for irrigation purposes according to the quality of the land, three kinds of taxes on the farm, two classes on the water bucket, and 11 different classes per acre on sowing crops two or three a year on the Nile and fall of the Nile. In addition to these taxes a further tax of 2 pence (10 cents) was imposed on each date tree.

USE A CATCH CROP

A catch crop is a crop which is grown to take the place of a regular crop in the rotation which has been killed by unfavorable climatic conditions, or a catch crop may be one which is grown along with or between the seasons of regular crops. Most frequently the catch crop is grown to take the place of some crop which has been winter killed, such as clover or winter grains.

Canada's export market for raw materials in Japan is gradually increasing.

Eastern Ontario has had a shortage of hay all season and has drawn supplies from the Montreal district of Quebec and from central and western Ontario.

Rough fodder in the form of prairie wool and the cheaper grades of hay have been in good demand all season in the southern areas of the three prairie provinces.

Telephone bridges were held at Mrs. Sharpe's, Mrs. Newick's and other homes during the past week.

The Hazelton Hospital

The Hazelton Hospital issues tickets for any period at \$1.50 per month in advance. This rate includes office consultations, medicines, as well as all costs while in the hospital. Tickets are obtainable in Hazelton at the drug store or by mail from the medical superintendent at the hospital.

NEW MARKETS FOR CANADIAN POTATOES

In recent years efforts have been made to create new markets for Canadian certified seed potatoes in various countries, namely Mexico, South Africa, Hong Kong, Java Cyprus and Egypt. Many difficulties were encountered, such as high transportation charges which resulted in prohibitive prices at the respective destinations; a lack of suitable varieties similar to those which the consuming public in the country of export were accustomed; failure of Canadian varieties to adapt themselves to foreign climates, and the susceptibility to diseases when grown without the application of preventive sprays.

However, the major commercial varieties gave a good account of themselves, often under very adverse circumstances, and in most instances compared favorably with native varieties. In spite of the difficulties there are possibilities of future trade developments, as the majority of the importing countries do not produce seed stock, while at the same time they fully recognize the value and the advantages to be derived from planting Canadian certified seed.

Prevailing economic conditions, no doubt, restricted operations to a considerable extent, but with the return of more favorable conditions the advances already made should result in an expansion and development of trade in the countries in which Canadian potatoes have been introduced.

Mrs. A. D. Chappell won the grand prize for the season awarded by the Felix Bridge Club. The Club meetings have now been suspended for the summer months.

GAME PLENTIFUL THIS YEAR

In spite of the severe winter, game seems to be plentiful throughout the district. Both willow and blue grouse were heard in numbers through the spring, and a walk in the bush frequently brings up birds that have their nests near at hand. The other day a deer was seen within a hundred yards of the south end of the Skeena bridge. Beaver seem to be on the move, several having been noticed within a mile of town, while the local creeks have their share of muskrats. Pheasants seem to have come through well, quite a number being seen throughout the district. If the wild life close in can be encouraged and becomes more plentiful it will be a great asset to the district from a tourist standpoint, as those who come from the densely settled areas are always keen to see the creatures of the wild in their native haunts.

Terrace Went To Usk Victoria Day to Play

A large crowd of local people went to Usk for the 24th. While the weather was cloudy, only occasional light showers fell, and these not enough to interfere with the enjoyment of the holiday makers.

Three games were played during the day. In the morning the ladies of Copper-Vanarsdol tried conclusions with the Usk ladies at softball with the result that the visitors came out in the lead, the score being 28 for Copper-Vanarsdol and 22 for Usk. In the afternoon Terrace and Copper-Vanarsdol met in a seven-inning game of baseball. Batteries were: Terrace, Thomas, Lyons and Michael; Copper-Vanarsdol, P. Gladstone, P. Kennedy. The game ended with a score of 20-11 in favor of Terrace.

Following this game Terrace met Usk with Thomas on the mound and Michael catching, while Martinson and Campbell were the twirlers for the home team, and the old reliable, Slim Varner, wearing the mask. The Terrace team once more demonstrated their superiority, romping home with a score of 7-2.

The wind-up of the day came when the local ball players put on a dance in Lee's Hall, which was thoroughly enjoyed both by the local people and also by a large crowd from the surrounding district.

SUNDAY TRIPS TO LAKELSE

Bert Swain has made a popular move this spring in installing a large cabin cruiser on Lakelse Lake for use in connection with the tourist traffic. The boat was built in town during the past winter and has a length of 34 feet, four inches with a beam of 9 feet and 4 inches. She is capable of a speed of 10 to 12 miles per hour and will easily accommodate from 25 to 30 passengers. In connection with the boat service Swain's transfer and taxi is running special trips to Lakelse Lake each Sunday, leaving town early in the morning and returning late in the afternoon. For a moderate charge of 75c for adults and 50c for children passengers are taken to and from the lake and a trip up the lake in the boat is included in the fare. Swain's transfer and taxi are running at other times to suit the convenience of tourists, making a moderate charge and giving a service that will be very popular with summer visitors. Equipped with a taxi and also freighting trucks they are in a position to cater for the needs of the visitors promptly and efficiently.

NOTICE TO LOITERERS

The authorities ask that parents have their attention called to the habit of children loitering in the local post office. This practice interferes with the proper conduct of postal business, and is against the regulations. There has been some trouble of late in connection with the posting of private notices and this cannot be allowed as it is contrary to rules. The postmaster also has had trouble with official notices being defaced and torn down. It is stated that a check-up is to be made of these practices, and any further violation will lead to prosecutions without further notice.—B.C. Police.

J. Erlandsen of Remo spent Saturday in town.

Terrace Notes

A change of pastoral relations will be effected at Knox United Church in the near future. At the conference of the United Church held recently in Vancouver Rev. H. T. Allen, B.A., B.D., received a call to take charge of the United Church at Cumberland, Vancouver Island. His place will be taken by Rev. W. R. Welch, who is at present pastor of the Haliburton Street United Church in Nanaimo.

Miss Mildred Kirkpatrick arrived from Prince Rupert on Friday night after spending a few days in the coast city.

Dr. and Mrs. S. G. Mills left for Prince Rupert on Saturday evening.

R. W. Riley was a passenger on Saturday's train for Prince Rupert.

Miss Bernice Ross of Prince Rupert is holidaying here as the guest of Mrs. V. Soucie.

Miss Rita McLean, teacher at the Copper City school, was the guest of Mrs. V. Soucie over the week-end.

Vernon Glass, who attended the annual conference of the United Church at Vancouver, as lay delegate from Terrace, arrived home on Saturday afternoon.

When you have a special event coming off try a reader in the Terrace News. The price is only 15c per line. You will find it pays.

Rev. H. T. Allen and son Richard arrived home from Vancouver last Friday. Mr. Allen has been attending the annual conference of the United Church of Canada.

Captain J. B. Colthurst with his son Theodore had a very successful hunt in the Kalum Lake country and returned the other day with three fine bear heads. Under the guidance of Matt Allard the party saw a considerable amount of the country near the lake, and report that 19 bears in all were seen.

Matt Allard of Kalum Lake was a visitor at the Philbert Hotel during the past week.

Mrs. A. Egen of Rosswood, accompanied by her sister, Miss Allard, were holidaying at Terrace for several days last week.

Work has been started on the rebuilding of the sidewalk on the north side of Lake'se avenue, west of Kalum street.

Madame de Kergommeaux and son of Paris, France, arrived on Saturday evening to visit with her uncle and aunt, Mr. and Mrs. F. de Kergommeaux of Lakelse avenue.

A special 20th anniversary service was held at Knox United Church on Sunday evening, when special music was a feature of the evening. During his address, Rev. H. T. Allen gave some interesting items of the early history of the church at Terrace, which at its inception was organized as a Presbyterian Church. He urged that the anniversary be kept from year to year.

Mrs. L. Benoit, who has been ill for some time, is now well on the way to recovery.

Reports from Lakelse Lake say that good progress is being made in the building of the new road to the Skeena River hatchery.

The One Thing You Can Afford

The great national pastime this weather is squeezing the expenditure column so that it will remain in proportion to the revenue. The first step in this of course is making a decision as to what items are absolutely necessary to the well-being of our minds and bodies and consigning the balance to the limbo of things we will have when the times improve.

You cannot do without your local newspaper for several very good reasons, the first of which is that as an intelligent citizen of the community it is necessary that you keep informed as to what is taking place in that community what is transpiring at the school the churches; if grants are being made from public funds, or cut off; what your community proposes doing about relief measures where food stuffs, meat, wearing apparel, wood coal, may be purchased to the best advantage; all the intimate personal news; the deaths, births, marriages, and the thousand and one other occurrences that go to make up the life of the community.

That is the function of the local weekly newspaper. Its news columns each week carry the story of the activities of the community, and in addition to the effective news of the world at large. Its advertising columns bring into your home the best offerings of the stores and shops with prices and description.

The Herald costs you but Two Dollars for a whole year. If you will read it thoroughly, intelligently you will receive many, many times over a return in value. And the Herald is a good paper for the family to read. There are many things children may learn from its columns, but nothing they should shun. The columns are clean, carefully edited and contain all the NEWS.

If you are already a subscriber to the Herald send it to a friend, either in the community or at a distance. They will appreciate it.

Mining in British Columbia

Among the Canadian Provinces, British Columbia is the leading producer of Lead, Silver and Zinc.

In this Province about 45% of Canada's Silver, 97% of the Lead and 93% of the Zinc are produced.

British Columbia has produced approximately \$1,300,000,000 worth of minerals.

About 200,000 square miles of unexplored mineral-bearing lands are open for prospecting.

Practically every mineral known to be found on the continent occurs to some extent in British Columbia.

RECENT PUBLICATIONS:—

Annual Report of the Honourable the Minister of Mines for the calendar year 1931.
"Lode-Gold Deposits of British Columbia."
"Placer Mining in British Columbia."
"McConnell Creek Placer Area."
Non-metallic Mineral Investigations: "Barite," "Asbestos," "Glassware," "Clay."
Lode-Gold Developments in British Columbia during 1932.

Doings Around Home

Of interest to you and your friends

Douglas Parent arrived home this week from New Mexico and will spend the summer in the district prospecting for gold.

Geo. M. and Mrs. Biernes, Dr. H. C. and Mrs. Wrinch, Miss R. Wrinch and Harold and C. H. Sawle attended the funeral this week of Dan Foster in Smithers. Dr. Wrinch took part in the service at the church.

The grader is working on the main highway between New Hazelton and Moricetown. Soon it should be nearly as good as the road east from Smithers.

Thursday, June 2, being the King's birthday, the schools had another holiday.

Smithers baseball team will be in New Hazelton next Sunday afternoon for a league game.

Olof Hanson, M. P., returned to Smithers on Tuesday and has since been visiting points in the district. He looks well and he says the Bennett diet suits him fine.

Rev. S. V. H. Redman has been detained in the south longer than he anticipated.

Bill Sargent has returned from Vancouver for the summer. He has been attending U.B.C. and has done well in his studies.

Miss Menzies of Kispiox has returned home after attending the general conference of the United Church in Vancouver. She is interested in the Indian work in the north.

J. Allen Rutherford returned to Smithers on Wednesday afternoon after spending a week in this district.

Kitsegucla and Kitwanga Indians held sports days last week. The natives are now heading for the coast canneries where they will spend the next two months.

Hon. S. F. Tolmie, Premier of this province, was in attendance at the 100th anniversary of the arrival of his father in the Tacoma district as Hudson's Bay Factor. The Tolmie descendants hold a reunion annually at the old homestead.

Miss Anna Johnson, daughter of O. Johnson of New Hazelton, was married in Powell River on Tuesday, May 23, to Andrew Cramb of the paper town. They will make their home there. Many girl friends in this district will wish the bride all happiness.

Mrs. A. D. Chappell won the grand prize for the season awarded by the Felix Bridge Club. The Club meetings have now been suspended for the summer months.

The Peevees of New Hazelton went over to Hazelton and played the Juniors of that town last Sunday afternoon. The Hazelton boys won quite a decided victory, the score being 16 to 9.

Constable D. M. Richardson of the Vancouver police force, brother of Bob Richardson of Smithers, who was shot by a bandit and in turn shot the bandit, was exonerated from all blame and was commended by the coroner's jury.

Carl Christianson was allowed out

of the hospital on Tuesday afternoon. He suffered a broken arm the week previously.

A number from Smithers played golf on the Hazelton course on May 24th and on Sunday last. The local course is now in fine shape.

A number of people from Smithers motored down on Wednesday of this week.

Here and There

What is probably the world's farthest north golf course is located at Chesterfield Inlet on the northern shores of Hudson Bay in latitude 67. There are only four members and the fee which entitles the player to life membership, is ten polar bear teeth.

An increase of over half a million head in the number of cattle on farms is recorded in a report on livestock in Canada for 1932, just issued by the Canadian Government Bureau of Statistics, with 8,511,100 head, compared with 7,991,000 in 1931.

The eye operation on His Majesty King Prajadhipok, of Siam, in the summer of 1931 in the United States, has been so successful that there will be no need of a further operation, according to Dr. Vidhivaji, public health director of Bangkok, who came to Vancouver recently aboard Canadian Pacific liner Empress of Japan.

A duck hunt in the once private lake of the Chinese Emperors in the Forbidden City of Peking with a Chinese general as host and armed soldiers as guides was the experience described by the Earl of Ossory on his arrival at Vancouver recently in the Empress of Japan from a seven-month tour of China.

Paradise Valley, east of Lake Louise, in the Canadian Rockies, is the site selected for this year's summer camp of the Alpine Club of Canada from July 18 to 31. Some of the most spectacular scenery in this region will be covered by the club—including the unclimbed peak of Mount Eiffel, in the shadow of which their camp will be pitched.

Close on 250,000 people viewed the crack London, Midland and Scottish flyer the "Royal Scot" on its way to the Chicago World Fair, as it passed through Montreal, Ottawa, Toronto and Hamilton over Canadian Pacific lines. Re-assembled at the C. P. R. Angus Shops after landing from the fast freighter Beaverdale, the Royal Scot passed through eastern Canada in a veritable triumph.

Inaugurating what Canadian railway officials believe will be one of the greatest rail travel movements in the history of the country, C. P. R. Riddell, chairman, Canadian Passenger Association, announces that commencing this month and extending into June, Canadian railways will establish a rate of one cent a mile for coach travel between points in eastern and western Canada and return. This constitutes an all-time low in Canadian passenger fares, and sales commence from western Canada May 26 up to and including June 8, and from eastern Canada May 31 up to and including June 15.

Three out of five Strathcona Memorial Fellowships in transportation given annually by the graduate school of Yale University have been awarded to Canadian Pacific Railway employees or sons of employees. There was a total of 80 applicants for these fellowships. The three C. P. R. awards were to S. M. Gossage, stenographer in the office of the general manager, eastern lines; P. E. Savage, son of J. K. Savage, general superintendent, Quebec district; and Robert A. Emerson, son of B. H. Emerson, agent at Morden, Manitoba.
